The UK's Finest VW Campervans at Bodans Shrewsbury Call 01743874496

FILL YOUR
LIFE WITH
ADVENTURE

Bodans specialise in the design and construction of luxury VW Campervans along with new or pre-owned campervans for sale. We can supply brand new, nearly new or used VW vans in readiness for your campervan conversion or we can convert your own supplied vehicle.

We have a passion for the creativity, innovation and design of high-end quality campervan conversions and alongside our main design layouts, we offer a bespoke interior design service that really pushes the boundaries for a truly unique end product. We offer a comprehensive range of products and services to ensure you have everything you need and want for your perfect campervan adventures!

We pride ourselves on using high quality tested products in all of our conversions, as your safety and product satisfaction is our main concern. Our conversions are carried out by fully trained technicians and NCC approved staff.

Established in 2006, the family run business has grown into the national company it is today with our fantastic reputation for excellence and great customer service. Bodans produces the UK's finest campervans and continues to be a favourable conversion company to customers looking for quality campervans throughout the UK and Europe.

We look forward to hearing from you.

Dan, Steve and the Bodans team.

VW Pentire

*Versatile & practical
with a contemporary
classic design*

*A choice of four or five
passenger and driver
seat configurations*

*Reimo roof with sleeping
compartment, suitable for
adults or children*

Our signature contemporary classic design for your VW combines a suite of premium-quality cabinets running along the offside of the vehicle, seamlessly complemented by a RIB Altair 2-seat rear double bed. In addition to its generous cupboard space, we equip the van with top-tier branded appliances, including a 2 burner gas hob and sink, the choice of an oven and grill or a microwave and the Dometic NRX50 fridge. At the rear, the cabinets are raised to create ample wardrobe space while the lower section houses the water tank in a dedicated service area. For added convenience, we incorporate high-level overhead cabinets above both the kitchen and rear area, providing valuable storage that's easily accessible when preparing meals. To maximise space and comfort, we also include a Reimo elevating roof, offering additional headroom and an upper roof bed, ideal for sleeping two more passengers in comfort. This clever design expands your sleeping capacity and makes the most of the available space, allowing you to travel and camp with ease.

All our brand new VW Transporter Campervans come with comprehensive warranties. Due to our recognised level of quality Bodans mirror the Volkswagen manufacturers warranty, so your new Pentire, Treago and Crantock all come with a full 3 year vehicle and conversion warranty for piece of mind. Your new adventure begins with worry free motoring & camping.

VW Treago

*A practical camper with
up to six seats along with
a modern stylish design*

*Two or four berth options
with the Reimo upper roof
bed and mattress*

*Personalise your conversion
with our range of interior
colours & exterior styling*

The Bodans Treago campervan is designed with practicality in mind, featuring three rear seats, making it the ideal conversion for larger families. The spacious layout incorporates a unique L-shaped kitchen, with high-quality furnishings that seamlessly complement the larger bed and additional seating, ensuring you get all the space and features expected from a Bodans conversion. Equipped with a gas hob, large sink, fridge freezer, and a microwave with built-in grill, the Treago offers all the home comforts you need, alongside the practicality of up to six travel seats. The van comes standard with a Reimo elevating roof and upper roof bed, providing a comfortable and versatile four-berth option for your adventures. Maximising storage, the Treago includes overhead cupboards, a wardrobe, and generous under-bed storage solutions. The RIB bed system is thoughtfully positioned, allowing you to retain a spacious boot area for all your camping gear.

Personalise your campervan from a large range of both vehicle enhancements and interior colour schemes. All models from the VW Transporter range are available, along with a wide range of exterior styling. Your interior can be tailored to suit by selecting from our extensive range of wood colours, flooring, wall linings & leather seat options. Bodans will then build the vehicle & conversion personalised to your requirements. A campervan for you, designed by you...

VW Crantock

*A unique practical design
with an end kitchen layout
& rear elevating Reimo roof*

*A choice of four or five
passenger and driver
seat configurations*

*Single or double bed
configurations with the
optional lateral seat sliders*

The Crantock is a campervan like no other, offering a unique design that includes a fixed cassette toilet for added convenience. Thanks to the inclusion of the RIB Neptune seat/beds, you'll make the most of the camper's length, with unobstructed access to the central gangway. A rear Reimo elevating roof maximises headroom in the living area, creating a spacious feel at the back of the vehicle. The galley-style kitchen is equipped with high-quality appliances, featuring a 2 burner hob and sink combination unit, alongside a choice of either a microwave or gas oven with grill. The RIB single beds offer comfort and practicality, with two belted travel seats making the Crantock a 4 or 5 seat vehicle, while sleeping up to four people, especially with the added bonus of the roof bed. For added comfort, the front seats are mounted on swivel plates, allowing them to rotate and face into the living area, making it easy for four people to dine comfortably. The Crantock is the ideal camper for longer trips, combining all the facilities you need with the added luxury of a private toilet for extra convenience.

All our models are available in new or pre-owned vehicles. We also have an extensive range of used campervans ready for sale or we can source a used vehicle ready for your chosen conversion. We offer a full after sales service for all of our new or used campervans sold, so whether it's an annual habitation service or conversion modifications, we have got it covered.

VW Truro

*If space is your concern
then look at our Truro model
with a fixed Reimo high roof*

*Easy on-site setup with all
the features you would
expect in a Bodans Camper*

*Offering a choice of three
or four passenger
seat configurations*

Using the latest VW Transporter, the new Bodans Truro high top campervan is an ideal choice for people that want more space and the convenience of a fixed high roof. With the added headroom we can maximize storage by including additional high level cupboards in the roof space. The main habitation area features a traditional camper layout offering modern interior units that run along the offside of the vehicle consisting of a large kitchen and wardrobe. The functional kitchen includes a two burner gas hob and matching sink with smoked glass lids along with a Dometic fridge with ice box and a choice of a gas oven and grill or microwave. The Bodans Truro is available as a four or five seat campervan with a choice of a two or three seat rear RIB Altair bed system.

We build tailor-made bespoke conversions on all makes of vehicles, either supplied by you or from our franchised dealer network. Styled to your personality and tailored to your life style. Whether you're seeking an adrenaline-filled escape or a chilled family holiday we can design the perfect camper for you. Inspired designs with outstanding style, making every day a new adventure.

VW Cubert

A Volkswagen Caddy with an elevating roof, functional kitchen and a double bed...

The functionality of a larger campervan but in a compact size & drives like a VW Golf

New to our range is the Cubert VW Caddy Campervan, ultra-compact but combines comfort, convenience and connectivity. The Cubert camper is perfect for those who desire a vehicle to be just as much a car as a camper. Ingeniously designed to be a camper without compromise and will provide all the features you need for your camping trips, such as a fully functional kitchen with a two burner gas hob, a large sink and generous storage space in the kitchen unit cupboards.

The rear sofa style seating is of a new design in our Cubert range and easily turns into a large comfortable double bed and boasts a large storage area underneath for your camping equipment. The Cubert as standard comes with a Reimo rear elevating roof which opens up valuable space and gives ventilation through the mesh windows on summer days.

The all-new Bodans Volkswagen Caddy Cubert Campervan is the perfect companion for adventures both big and small.

Haughmond Conversion

The Haughmond conversion blends contemporary style with classic design, featuring a series of high-quality cabinets along the offside of the interior, complemented by a RIB Altair two seater double bed. It offers ample cupboard space and comes equipped with premium appliances, including a two burner gas hob, sink, and a Dometic NRX50 fridge, with the option to add a gas oven/grill or microwave for an additional cost. At the rear of the campervan, the cabinets rise to provide generous wardrobe space in the upper section, with a convenient area below to house your water tank. Above the kitchen and rear area, high-level cabinets offer invaluable extra storage at an accessible height, useful while preparing meals. Under the RIB bed, you'll find plenty of storage for your camping gear, including space for a portable toilet and a large boot area for additional equipment. To maximise space and comfort, we also include a Reimo elevating roof, offering additional headroom, and an option to have an upper roof bed, ideal for sleeping two more people. This clever design expands your sleeping capacity and makes the most of the available space, allowing you to travel and camp with ease.
